

Welcome to All Creatures Great and Small!

Your Pets Name _____

Your kitten's vaccine program will depend on the age and previous vaccine history. This is some information on feline vaccines and testing.

Yes	No	Cost	<u>Feline Distemper vaccine</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$38	Feline distemper (FVRCP) begins at 6 weeks of age, and boosters are given 3-4 weeks apart until 16 weeks old. It protects against the following diseases: <ul style="list-style-type: none"> • Panleukopenia: Panleukopenia is characterized by fever, poor appetite, vomiting, and diarrhea. Panleukopenia can be fatal. • Rhinotracheitis: Rhinotracheitis is a highly contagious respiratory disease and is characterized by sneezing, fever, and inflamed eyes. • Calicivirus: Calicivirus is a highly contagious respiratory disease similar to rhinotracheitis. • Pneumonitis (chlamydia): Pneumonitis is another respiratory infection that may cause pneumonia.
Yes	No	Cost	<u>Feline Leukemia vaccine</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$38	Feline leukemia vaccine begins at 10 weeks of age, and boosters are given in 3-4 weeks and then annually after. Feline leukemia can be fatal and highly contagious. It is characterized by fever, anemia, and swollen lymph nodes. A blood test should be done before vaccinating.
Yes	No	Cost	<u>Feline Leukemia and Feline AIDS Testing</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$52	Feline leukemia and feline AIDS testing is a blood test that can be done starting at 12 weeks of age. It is recommended before vaccinating.
Yes	No	Cost	<u>Rabies vaccine</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$38	The rabies vaccine is given to kittens at 12 weeks of age or older. Rabies is a serious and fatal disease that attacks that brain and central nervous system. This vaccine is made from a killed rabies virus. The first vaccine is good for one year, and then it will be given every three years.
Yes	No	Cost	<u>Ova, Parasites, & Giardia Fecal Testing</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$65	Having your cat's stool checked is very important, and it is recommended that there be at least two negative samples for kittens and then annually after. Most kittens have worms. The most common ones are hookworms, tapeworms, roundworms, whipworms, coccidia, and giardia. All parasites attack the intestines.
Yes	No	Cost	<u>Neuters & Spays</u>
<input type="checkbox"/>	<input type="checkbox"/>	Costs will vary	Neutering and spaying your kitten is important and recommended at 6 months of age or older. Your pet will generally have fewer health problems and a better temperament in the future.

Yes	No	Cost	<u>Microchipping</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$85 (includes registration)	A microchip is inserted under the skin of your pet. This is not painful and can give you peace of mind if your pet is lost and put in a shelter. We recommend microchipping at time of spay or neuter.
Yes	No	Cost	<u>Ear Mites</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$25	Ear mites are parasites located in the ears. Ear mites can cause ear and skin diseases, which can spread to other pets. Having an ear swab done can determine whether your cat is infected with ear mites.
Yes	No	Cost	<u>Flea & Tick Prevention</u>
<input type="checkbox"/>	<input type="checkbox"/>	Costs will vary	Flea & tick prevention is highly recommended. There are topical flea & tick preventatives that come as a liquid that is applied to your cat's skin. There are also oral flea & tick preventatives. Flea & tick preventatives can be started at 8 weeks of age or older.
Yes	No	Cost	<u>Heartworm Testing</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$62	Heartworm testing for outdoor cats is recommended at 6 months of age. Heartworm disease can be fatal and is transmitted by infected mosquitos.
Yes	No	Cost	<u>Heartworm Prevention</u>
<input type="checkbox"/>	<input type="checkbox"/>	Costs will vary	A once a month pill is recommended.
Yes	No	Cost	<u>Full Diagnostic Blood Work Annually For The Well-being of Your Pet</u>
<input type="checkbox"/>	<input type="checkbox"/>	\$150
